He made the universe from nothing, Hakadosh Baruch Hu
And he looked into the Torah to see just what to do
And he put us on this planet , Hakadosh Baruch Hu
And passengers are we, on the good ship Wandering Jew

He took us out of Egypt , Hakadosh Baruch Hu
And he gave us all the Torah to teach us what to do
And he gave us Eretz Yisroel , Hakadosh Baruch Hu
And passengers are we, on the good ship Wandering Jew

And twice we had a holy temple in Jerusalem
And miracles where clearly seen by all who lived back then
The sword came down upon us and we would roam anew
And once more we were passengers, on the good ship wandering jew

He's been with us through the centuries, Hakadosh Baruch Hu
And with every teardrop that we've cried the holy ones cried too
The promise of Moshiach has kept us strong and true
And passengers are we, on the good ship Wandering Jew

Not long ago our Israel was put back in our hands
And soon our holy temple will be back on our land
And we will leave this golus with Moshiach, me and you
And all who once where passengers on the good ship Wandering Jew
