

Give Me a Minyan

Avraham Rosenblum & Yosi Piamenta–Guitars & Vocals; Gershon Veroba–Vocals & Piano; Yerachmiel Ziegler–Guitar; Gal Gershovsky–Drums; Tony Montalbo–Bass

Flying through the air with a cape may be great for Superman
And sitting on the empire state is good for King Kong
Landing on the moon is out of this world for the astronaut
But speaking for myself I know where I belong

Give me a minyan with my tallis and tefillin and a yarmulka
Give me some matza for Pesach and *Konditon* wine
You know I adore a blat of gemorah
I love every page that I read
And give me some time with my god, that's all that I need

Colonel Sanders chicken maybe truly finger lickin and tasty
And Billy Carter beer keeps Georgia on my mind
And good ol' Shlomo, he doesn't need a pogo
He knows how to jump up and down
And when this show is through you know where I could be found

Prayin' in a minyan with my tallis and tefillin and a yarmulka
Give me some matza for Pesach and *Konditon* wine
You know I adore a blat of gemorah
I love every page that I read
And give me some time with my god, that's all that I need.
And give me some time with my god, that's all that I need.
