

World of Good (Page 1 of 2)

[Verse 1:]

I believe it is so possible
I believe it's in our Hands
I believe It is the hope
In the heart of every man
To free this world from evil
and to rid this world of wrong
It's here on the Horizon
We've been waiting oh so long

[Chorus 1:]

We can build a world of good
we can make a world that's fair
we can feed the famine nations
from abundance we can share
We can shelter all the homeless
Here's my hammer nail and wood
We can make this world in which we live into...
A World of Good

[Verse 2:]

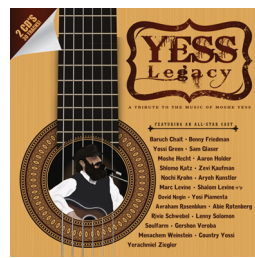

I believe we have it in us
I believe we are so strong
I 3 believe a world of justice ...
can begin with just one song
I believe a voice from heaven
Is heard by every man
And is telling every person
Yes you can, oh yes you can!

[Chorus 2:]

We can build a world of good
we can make a world that's kind
we can realize the best from every body, soul and mind
for the One Above in heaven has a plan that's understood
He created all this world for us to make...
A World of Good

World of Good (Page 2 of 2)

[Verse 3:]

We can sing out our conviction
We can sing aloud this song
One voice of humanity
Singin' oh so Strong!

And for every man and woman
who has ever shed a tear
we will see a world of good
for the time is very near

[Bridge:]

We will beat our swords to plough shears
Wash our hearts of hate
we will cover naked children
with the clothes our hands will make

And the human right to dignity
will be in every land
Will you join us in this chorus
Will you lend A Helping hand?

[Chorus2:]

We can build a world of good
we can make a world that's kind
we can realize the best
from every body, soul and mind
for the One Above in heaven
has a plan that's understood
He created all this world for us to make...
A World of Good
