I got the what page are we on in the prayer book blues  
Am I supposed to sit or stand in the synagogue blues  
Well my folks sent me to cheder when i was just a child  
But instead of learning aleph beis i was out there running wild

I got the what page are we on in the prayer book blues  
and this guy right next to me he's taking a snooze  
I don't know what I'm reading I don't know what to speak  
G-d spoke to us in Hebrew but to me the thing is Greek

I got my kid knows less than me in the prayer book blues  
And it's not too nice to see in a synagogue blues  
So it's cheder for you young man learn your aleph beis  
don't you dare take after me with egg all over your face

I got the what page are we on in the prayer book blues  
Am I supposed to sit or stand in the synagogue blues  
Well I guess I'll see you later 'cause I'm going back to cheder  
I got the what page are we on in the prayer book blues dadada  
I got the what page are we on in the prayer book blues dadada  
I got the what page are we on in the prayer book blues
